

## SolarTech Power Solutions

# 5kwh battery storage for sale in Belgium

 **TAX FREE**    

## ENERGY STORAGE SYSTEM

**Product Model**  
HJ-ESS-215A(100KW/215KWh)  
HJ-ESS-115A(50KW 115KWh)

**Dimensions**  
1600\*1280\*2200mm  
1600\*1200\*2000mm

**Rated Battery Capacity**  
215KWH/115KWH

**Battery Cooling Method**  
Air Cooled/Liquid Cooled

The advertisement features a white, rectangular Energy Storage System unit with a black handle and a ventilation grille. It is set against a background of a snowy mountain range and a field of solar panels.

## Overview

---

What is the largest battery storage project in Belgium?

Construction has started on what will be the largest battery storage project in Belgium at 25MW/100MWh when completed later this year. Nala Renewables' lithium-ion battery energy storage system (BESS) will come online at metals conglomerate Nyrstar's zinc smelting operation in Balen, in Belgium's Flemish region, by the end of 2022.

How can equans help you build a battery energy storage system?

As a partner in your energy transition, Equans can help you build your Battery Energy Storage Systems (BESS). Whether on the scale of your company, industry or town, or as part of the creation of large-scale battery parks, we'll support you from A to Z, managing all interfaces with your systems.

Does Belgium have a solar power system?

In Belgium, the share of renewable electricity in the country's overall electricity production has risen steadily in recent years. To avoid the risk of blackouts, large-scale storage facilities associated with solar photovoltaic projects are on the increase.
