Bess battery storage for sale in Ireland

Overview

Search all the latest and upcoming battery energy storage system (BESS) projects, bids, RFPs, ICBs, tenders, government contracts, and awards in Ireland with our comprehensive online database. Does SSE Renewables have a battery energy storage system in Ireland?

SSE Renewables has acquired a 120-MW/240-MWh battery energy storage system (BESS) project in Ireland from UK-based renewables company Low Carbon, further expanding its battery development portfolio on the island of Ireland. SSE's 50MW battery storage asset at Salisbury in Wiltshire, England, which entered commercial operation in April 2024.

Where is Ireland's first grid-scale battery energy storage system based?

Statkraft has announced that it is to build Ireland's first four-hour grid-scale battery energy storage system (BESS) in Co. Offaly. The 20MW BESS, supplied by global market leader in utility-scale energy storage solutions and services, Fluence, will be co-located with Statkraft's 55.8MW Cushaling Wind Farm.

How will a battery-based energy storage system affect energy security in Ireland?

In addition, by participating in the capacity market, the project will have a positive impact on energy security in Ireland. This battery-based energy storage system is designed to provide 20MW for up to four hours. Most grid-scale batteries currently deployed in Ireland range from 30 minutes to two hours of energy storage capacity.

How long can a battery storage system last in Ireland?

This battery-based energy storage system is designed to provide 20MW for up to four hours. Most grid-scale batteries currently deployed in Ireland range from 30 minutes to two hours of energy storage capacity. The longer the duration of battery energy storage capacity, the more benefits it can offer.

Does SSE Renewables own a battery energy storage system?

The company recently sold a 6-GW BESS portfolio to Dutch storage developer S4 Energy. SSE Renewables has acquired a 120-MW/240-MWh battery energy storage system (BESS) project in Ireland from UK-based renewables company Low Carbon, further expanding its battery development portfolio on the island of Ireland.

Is Thornsberry a new battery storage project?

Thornsberry is the latest project to join SSE Renewables' growing battery storage development portfolio on the island of Ireland. In May 2024, the company announced the acquisition of the 100MW/200MWh Derrymeen project at Dungannon in Northern Ireland, which is targeting delivery at the end of 2026, subject to a final investment decision.

Bess battery storage for sale in Ireland

Statkraft to build Ireland's first 4-hour battery energy storage ...

Sep 21, 2023 · Statkraft has announced that it is to build Ireland's first four-hour grid-scale battery energy storage system (BESS) in Co. Offaly. The 20MW BESS, supplied by global market ...

SSE acquires 120MW/240MWh battery storage project in Ireland...

Nov 6, 2024 · SSE has acquired the project development rights for a 120MW/240MWh grid-scale battery energy storage system (BESS) project in Ireland's Midlands from UK-based renewable ...

Top 10 BESS Developers in Europe , PF Nexus

Jul 14, 2025 · Explore how Europe's BESS landscape is transforming with significant developments in battery storage capacity. Learn about the key players and countries leading ...

Battery storage - the most valuable lease in ...

Feb 21, 2024 · Battery energy storage systems, or BESS for short, are a relatively new development in Ireland and, if built on your farm, it could be one of the ...

Latest Battery Energy Storage System (BESS) Projects in Ireland ...

3 days ago · Search all the latest and upcoming battery energy storage system (BESS) projects, bids, RFPs, ICBs, tenders, government contracts, and awards in Ireland with our ...

Statkraft to build Ireland's first 4-hour battery energy storage ...

Sep 21, 2023 · Statkraft announces it will build Ireland's first four-hour grid-scale battery energy storage system (BESS) in Co. Offaly, co-located with Cushaling Wind Farm. Battery storage ...

SSE acquires major battery storage project in Tullamore

Nov 6, 2024 · SSE has acquired the project development rights for a 120MW battery energy storage system (BESS) project in Offaly from UK-based renewable energy company Low ...

SSE acquires development rights for 120MW/240MWh Irish BESS

Nov 6, 2024 · SSE has acquired the rights from UK company Low Carbon for the development of a 120MW/240 megawatt hours (MWh) grid-scale battery energy storage system (BESS) ...

Mitsubishi Power announces four BESS

projects in Ireland as ...

Jun 24, 2022 · Mitsubishi Power has announced four battery energy storage system (BESS) projects in the Republic of Ireland, marking its first step into the European energy storage ...

Source Galileo sells 40MW BESS Project to Trina Solar

Feb 6, 2025 · Source Galileo, a leading European renewable energy developer, has announced the sale of a 40MW Battery Energy Storage System (BESS) project to Trina Solar International ...

Utility-Scale ESS solutions

IRELAND: Highfield Solar seen prepping sale of 130 MW BESS ...

Highfield Solar is understood to be preparing the sale of its 70 MW Clare East and 60 MW Ballyglasheen West battery storage projects in Ireland. The development platform, which is ...

UK reaches 7GWh of BESS but growth slowed in 2024, Ireland ...

Jan 23, 2025 · UK reaches 7GWh of BESS but growth slowed in 2024, Ireland grows There is now over 7GWh of grid-scale BESS capacity online in the UK, but 2024 saw a slowdown in ...

SSE acquires 120MW/240MWh battery storage project in ...

Nov 6, 2024 · SSE has acquired the project development rights for a 120MW/240MWh grid-scale battery energy storage system (BESS) project in County Offaly.

BATTERY ENERGY STORAGE INSTALLATION (BESS)

Jan 7, 2025 · Fluence are working with some fantastic new and existing customers, helping them to deliver comprehensive turnkey Battery Energy Storage Solutions (BESS). We are looking to ...

ESB officially opens its

latest battery storage project in Co ...

Nov 18, 2024 · ESB has today opened its latest major battery plant at its Aghada site in Co Cork which will add 150MW (300MWh) of fast-acting energy storage to help provide grid stability ...

Major BESS planned in Northern Ireland

Jun 7, 2024 · The UK government expects demand for grid energy storage to rise to 10GW) by 2030 and 20 GWh by 2035. Several BESS facilities have been developed in Northern Ireland ...

Battery energy storage systems are a vital piece ...

May 16, 2024 · Battery energy storage systems, often referred to as Bess, are regarded as a vital part of the Ireland's fledgling renewable energy sector and ...
