# Container generator set brand ranking

## Overview

---

Which generator brands are popular in China?

China is renowned for its robust generator manufacturing industry, with several reputable brands offering a diverse range of generators. I would like to introduce some of the most popular brands in the market, including internationally recognized brands with factories in China as well as prominent native Chinese brands: 1. Cummins.

What size generator container do I Need?

Our generator containers for Type 2, 3, and 4 gas engines have a standard 40-foot length. Width and height depend on engine type, the application (power generation only or CHP) and ambient conditions. Customized sizes to accommodate special project requirements are available on request.

Which genset containers are available?

All genset containers are also available with an option for -40°C and most variants can be upgraded for +45°C. A broad range of options, both mechanical and electrical, are available to ensure that our containers meet the project requirements. For example, we offer several heat recovery configurations and exhaust after treatment systems.

What is a type 6 generator container?

Our Type 6 generator containers consist of two or three pre-assembled modules, depending on the engine type and the application. The overall package (gas engine, container, and auxiliary components) is available for 65, 70, 75 and 80 dB (A) in 10m (surface sound pressure level according to DIN 45635).

How to find a reliable diesel generator set supplier?

If you are seeking a reliable and professional diesel generator set supplier, pls reach out to our team, email: [sale@hosempower.com](mailto:sale@hosempower.com) or WhatsApp:

.

What is the standard ventilation for genset containers?

The standard ventilation is designed for ambient temperatures from -25°C to +40°C. The genset containers can be equipped with several additional features to enable operation at lower temperatures on request. Type 6 containers are available with a similarly broad range of options that we offer for the Type 2 / 3 / 4 containers.
