Overview

Will a lithium-ion battery energy storage system be installed in Côte d'Ivoire?

A lithium-ion battery energy storage system (BESS) made by Saft will be installed at a 37.5MWp solar PV power plant in Côte d'Ivoire (Ivory Coast). It is the African country's first-ever large-scale solar project and the batteries will be used to smooth and integrate the variable output of the PV modules for export to the local electricity grid.

Does IHS Côte d'Ivoire have a hybrid solar system?

IHS Côte d'Ivoire currently operates numerous hybrid solar sites throughout the country and continues to roll out green energy solution systems which select the most efficient source of power, depending on diesel supply, weather conditions and electricity availability.

Who is IHS Côte d'Ivoire?

IHS Côte d'Ivoire was launched in October 2012. We acquired MTN Côte d'Ivoire Towers in 2013, and subsequently signed a Management with License to Lease contract with Orange Côte d'Ivoire. IHS Côte d'Ivoire operates from its head office in Abidjan and has regional offices in Abengourou, Yamoussoukro, Daloa and San Pedro.
