Distribution cabinet cable container base station

Overview

What are Kabeldon cable distribution cabinets?

Kabeldon cable distribution cabinets are designed specifically for outdoor usage and to withstand various environmental conditions. The parts mounted below ground are reinforced with a polymer coating for heavy-duty corrosion protection. The cabinets are verified to withstand external mechanical impacts according to IEC 61439, arctic climate.

Are ABB cable distribution cabinets safe?

ABB cable distribution cabinets provide a robust and safe solution with uncompromised lifetime. They are designed for outdoor usage and verified to withstand external mechanical impacts according to IEC 61439, arctic climate.

What are the benefits of a cable distribution cabinet?

The cabinet provides a number of significant benefits such as continuous operation, space saving and fast installation. Kabeldon cable distribution cabinets are designed specifically for outdoor usage and to withstand various environmental conditions.

Does ABB offer a cable distribution system?

The cabinets are fully assembled with busbars and busbar supports, complete and delivered from the factory, ready for direct installation. We offer a complete, tested and verified solution. ABB offers two separate ranges of IP protected cable distribution systems. Kabeldon cable distribution system ABB cable distribution system
