What is the capacity of emergency power supply in txeps-P series?

2, EPS emergency power supply capacity and 5.2 with the distribution cabinet connected to the mixed power supply wiring diagram the same. (1) TXEPS-P series emergency power supply is composed of multiple cabinets. Including the host cabinet and battery cabinet. The size of the power cabinet is 600 × 800 × 2200 (depth × width × height).

How to calculate EPs capacity?

1. EPS only in the circuit as one-line power supply, in the absence of electric supply to provide emergency output. 2. EPS capacity should be designed according to the sum of the various load capacity of the work at the same time and 3 times frequency of the motor without class measures the total load capacity to calculate. 3.

What is EPs emergency power systems?

EPS Emergency Power Systems (EPS is abbreviation of Emergency Power Supply), specifically designed for fire equipment and special load or lighting.

How to choose the EPs capacity of a shutter door?

The shutter doors have little power consumption, so if just for shutter doors, the battery configuration can be reduced accordingly. 20 minute spare time of EPS capacity can be selected. 3. The elevator driving motor should have a function of frequency conversion, capacity of EPS can be 1: 1 for the total capacity of the elevator. 4.

Can EPs be used in mixed power supply?

If capacity of the motor in the mixed power supply is only the total capacity of 1/7 or less, you can not consider starting margin. When the choice of EPS, its capacity and load capacity is 1: 1. 4. If the motors in the mixed power take variable frequency starting measures, do not consider power supply margin of

EPS.

What is the capacity of fan EPs?

5. The fans can be divided into exhaust fan, intake fan, etc. If the fan has frequency conversion start, the capacity of EPS is 1: 1 of the total capacity of the fan motor working at the same time. If the star delta step-down start, the capacity of EPS is more than 3 times the total capacity of the fans working at the same time.
