Huawei communication base station inverter grid-connected market share

Overview

Does Huawei have a mobile base station?

Industry-specific and extensively researched technical data (partially from exclusive partnerships). A paid subscription is required for full access. In 2021, Huawei accounted for 30 percent of the global mobile base station market, with Ericsson ranking second occupying 23.5 percent of the market.

Does Huawei have a strong market share?

According to the report, Huawei continues to lead the global market for the ninth consecutive year with a market share of 38.93%, making Huawei the only equipment manufacturer to maintain positive market share growth during this period.

What is the global base station antenna market research report 2023?

[Shenzhen, China, December 17, 2024] In their latest report, the global technology market intelligence firm ABI Research released its 2023 global base station antenna market research report titled "Passive Cellular Antenna Competitive Analysis".

Who owns the base station equipment market?

The report discloses that more than 70% of the market is covered by Chinese and European suppliers. The top three base station equipment providers are China-based Huawei with the share accounting for 30%, Sweden-based Ericsson with 23% shared and the third one is Finland-based Nokia with 20% market shares.

What is the market share of base station equipment suppliers?

A world-leading market intelligence provider – TrendForce released the global market share analysis report of suppliers of base station equipment. The report discloses that more than 70% of the market is covered by Chinese and European suppliers.

Which segment dominates the 5G base station market in 2024?

The industrial segment maintains its dominance in the global 5G base station market, commanding approximately 27% market share in 2024. This significant market position is driven by the accelerating adoption of Industry 4.0 initiatives and the growing integration of IoT devices in manufacturing facilities.
