Lifepo4 power station factory in Sydney

Overview

Where can I buy a LiFePO4 battery in Australia?

You can read more about the introduction of the LiFePO4 battery to Australia on our FAQ page. Lithium Batteries Australia is the first and only certified Australian manufacturer of Lithium Batteries. In fact we are the only manufacturer and supplier of “professional grade” lithium batteries in Australia.

What is a LiFePO4 power station?

A LiFePO4 power station is a type of portable power station that uses lithium iron phosphate (LiFePO4) batteries. These power stations are ideal for certain environments, particularly hot areas, due to their stable chemistry. The most popular brand using LiFePO4 batteries is Bluetti.

Who is LiFePO4?

The pioneers and longest established lithium battery solutions provider in Australia. 2017 marks our 10 years anniversary since we introduced the very first Lithium Iron Phosphate (LiFePO4) battery to Australia from the USA. You can read more about the introduction of the LiFePO4 battery to Australia on our FAQ page.

When was LifePo4 Australia started?

We started LifePo4 Australia after 2016, when we were planning a trip around Australia and wanted to have reliable and affordable power for our off-grid camping.

What products can FePO4 do for You?

Let's see what our products can do for you! LiFePO4 Battery 12V: The LiFePO4 (Lithium) Battery 12V is ideal for smaller, portable applications such as RVs, caravans, and boats. With a long cycle life and high discharge rate, this battery provides reliable energy storage for off-grid living or camping.

Who is lithium batteries Australia?

By contrast Lithium Batteries Australia is a specialist lithium battery electrical engineering solutions company and does not sell off the shelf “sausage factory” mass produced inferior quality batteries from China.
