Lithium power station factory in Austria

Overview

What is European lithium's Wolfsberg Lithium Project?

Having lagged behind, Europe is now investing billions of Euros to transform its auto industry and become a leader in electrified mobility. European Lithium's Wolfsberg Lithium Project is in the heart of Europe's burgeoning cluster of battery manufacturers. Confirmation * You agree to add your personal information to our mailing list.

Where is Wolfsberg lithium located?

The Wolfsberg Lithium Project is located in Carinthia, around 270km south of Vienna, Austria. The deposit was first discovered by an Austrian state-owned company Minerex in 1981. After passing through a number of entities, the ownership of the mine is now with European Lithium Limited-subsidiary European Lithium AT (Investments) Limited.

Who is in European lithium's Austrian management team?

European Lithium's Austrian Management Team will consist of the CEO, CFO/Sales and Procurement, Mine Manager, Process Line Manager (concentrator and hydrometallurgical plant), and the HR Manager.

Will Wolfsberg Lithium Project fill a gap in Europe's electrical vehicle supply chain?

There is no production of LHM in Europe as of February 2023, which is why the Wolfsberg Lithium Project is poised to fill a critical gap in the emerging European electrical vehicle supply chain.

Will European lithium be Europe's first local supplier of critical lithium hydroxide monohydrate?

European Lithium is aiming to be Europe's first and largest local supplier of critical lithium hydroxide monohydrate (LHM) in the region. Tony Sage, Chairman, commented on the DFS results: "The robust DFS provided by DRA

provides confidence in the commercialisation of the Wolfsberg Project.

Who owns Wolfsberg Lithium Project?

Wolfsberg Lithium Project is wholly owned by European Lithium Limited, located in Carinthia, 270km south of Vienna, Austria. The mine is expected to produce 10,129 tonnes of lithium hydroxide per annum in an accelerated case. (Credit: Copyright © 2018 European Lithium Limited)

Lithium power station factory in Austria

China High Quality Ternary Lithium Power Station Suppliers

Feb 15, 2025 · Product Introduction
Ternary Lithium Power Station is a new type of lithium-ion battery power system with a higher energy density and longer service life than traditional ...

World's first solar panel/ lithium battery factory ...

Jan 17, 2024 · The world's first factory to simultaneously produce flexible photovoltaic panels and lithium batteries is already up and running in the town ...
