

**SolarTech Power Solutions**

# **Mongolia photovoltaic container manufacturer**

## Overview

---

What is a solar PV container?

The Solar PV Container is a containerized solar power solution. It has been designed with the aim of combining solar electricity production and mobility to provide this electricity everywhere around the world.

What is LZY mobile solar container system?

LZY Mobile Solar Container System - The rapid-deployment solar solution with 20-200kWp foldable PV panels and 100-500kWh battery storage. Set up in under 3 hours for off-grid areas, construction sites & emergency power. Get a quote today!.

What is a solar panels on shipping container?

It not only transports the PV equipment, but can also be deployed on site. It is based on a 10 - 40 foot shipping container. Efficient hydraulics help get the solar panels ready quickly. Due to its construction, our solar panels on shipping container offers unmatched flexibility and maneuverability.

Who is Huayao photovoltaic technology?

Huayao Photovoltaic Technology Co., Ltd. was established on August 1, 2019, with a registered capital of 40 million USD. Located at Yangguang Avenue, Shaerqin Industrial Park, Hohhot Economic and Technological Development Zone, it specializes in R&D, design, manufacturing and system construction in the photovoltaic industry.
