Who is Shanghai Electric Power Generation group?

For more than 60 years, Shanghai Electric Power Generation Group has been fully dedicated to improving energy production efficiency of thermal, nuclear, wind, and solar energy, which has formed the most complete product lines in production, conversion, storage, transmission and electric power quality management of renewable energy.

Why is Shanghai Electric a leading power plant equipment supplier?

In response to the global climate change, Shanghai Electric as one of the world leading power plant equipment suppliers, has actively developed the emerging industries such as solar power generation, seawater desalination, energy storage equipment, air cooled equipment, dust-cleaning apparatus, electric drive, etc.

What is EP Shanghai?

The event will span 72,000 square meters with over 1,800 exhibitors and is expected to attract 60,000 visitors. Founded in 1986 and organized by the China Electricity Council and State Grid Corporation of China, EP Shanghai has grown to become one of the most reputable and influential electric power exhibitions in Asia.

What to expect at the 31st EP Shanghai 2024?

Join the 31st EP Shanghai 2024 from December 5-7 at SNIEC, showcasing cutting-edge electric power equipment, energy storage solutions, and automation technologies from 1,800+ exhibitors across 72,000 sqm.

Why should you attend China power & grid Expo?

The expo is supported by China's major power and grid corporations, creating a robust platform for businesses to network, explore innovations, and capture new opportunities in the industry.
