Tool Battery Charging Cabinet

12V 10AH

Overview

What is a lithium-ion battery charging Safety Cabinet?

Justrite's Lithium-Ion battery Charging Safety Cabinet is engineered to charge and store lithium batteries safely. Made with a proprietary 9-layer ChargeGuard™ system that helps minimize potential losses from fire, smoke, and explosions caused by Lithium batteries. [Shop Now.](#)

What is a lithium ion battery charging and storage cabinet?

The new Justrite lithium ion battery charging and storage cabinet provides the ideal storage solution. Featuring ChargeGuard™ technology, this new cabinet was designed especially for minimizing the risks of battery fires and thermal runaway that arise when storing and charging lithium ion batteries in the workplace.

What is a tool charging cabinet?

If you're spending time searching for misplaced tools, batteries, and chargers in your workshop, a dedicated tool charging cabinet is the solution. Perfect for workshops in the mining, defence and industrial sectors. This robust solution combines functionality with transparency.

What is a heavy duty tool charging cabinet?

Designed for versatility, the Heavy-Duty Tool Charging Cabinet features a sturdy frame and forklift pockets at the base, allowing for easy relocation as your workspace evolves. Elevate your tool organization and charging capabilities with this durable and secure cabinet that seamlessly balances form and function.

What are Justrite Li-ion battery charging and temporary storage cabinets?

The new Justrite li-ion battery charging and temporary storage cabinets were designed to reduce the risks of battery fires and thermal runaway.

What is a Justrite battery storage cabinet?

Every Justrite battery storage cabinet is made from strong 18-gauge steel. It has double-walled sides, top, and bottom with a 1.5-inch air gap between the walls. The manual-close doors have baffled vents and a unique flame arrester pattern. They are supported by continuous piano hinges for a secure and reliable closure.
