Winch circuit breaker factory in Vancouver

Overview

Where can I get a winch in Canada?

Get in touch for application and pricing information. We deliver to you – Canada wide. Commercial Truck Equipment Co. offers the most comprehensive winch line up available in Canada. Whatever your application requirements, we have a winch for you; industrial, truck mounted, utility, RV, marine, towing and recovery.

What is a circuit breaker for a winch?

A circuit breaker for a winch is a device that protects the electrical system from overload. When power comes into the circuit, it automatically goes to each device in turn. It shuts off if it senses an overload. This protects the winch and any other devices connected to it from getting damaged in case of an electrical emergency.
